Kindergarten Round-Up

Plainfield Community School Corporation is excited to host its annual Kindergarten Round-Up on April 11 & 12. Get a jump start and register your kindergartener for the 2012-13 school year. Registration packets will be available online and at neighborhood schools beginning mid-March. Review the checklist (on reverse page) to be sure you have everything together when ready to enroll. Transportation services will be available to assist you with which school your child will be attending. Your child will have an opportunity to board a school bus to get a feel for what that new adventure will be like! Several services will be available with information on programs such as before & after school enrichment programs, immunizations, and more!

2012-2013

Are you ready?
